At Estes, we want to make freight shipping seamless. That's why our [Bill of Lading](#) tool offers intuitive, time-saving features and integrates with our [Rate Quote](#) tool for a more streamlined experience.

The screenshot shows the 'Bill of Lading' tool interface. At the top, there are three tabs: 'Create BOL', 'BOL History', and 'BOL Templates'. Below the tabs, there are sections for 'Account Information', 'Billing Information', and 'Shipment Information'. The 'Account Information' section includes a dropdown menu for 'My Accounts' with the selected account 'B068029 - Regular - Test Account 1 - 11700 Old Centralia Rd, Chester, VA 23831'. There is a checkbox for 'Set as Default Account'. The 'Your Role' section has radio buttons for 'Shipper' (selected), 'Consignee', and 'Third Party'. The 'Billing Information' section has radio buttons for 'Payer' (Shipper, selected), 'Consignee', and 'Third Party (add)'. The 'Terms' section has radio buttons for 'Prepaid' (selected) and 'Collect'. The 'Shipment Information' and 'Quote Details' sections are partially visible at the bottom. A yellow button labeled 'Walk Me Through' with a question mark icon is circled in red in the top right corner of the form.
